

Disabled Mothers' Rights Campaign

We defend our rights to have a family and **keep our children.**

The law says **disabled mothers are entitled to support.**

But we do **not** get it.

Councils must provide support not take our children from us.

Share your struggle with other disabled mums.

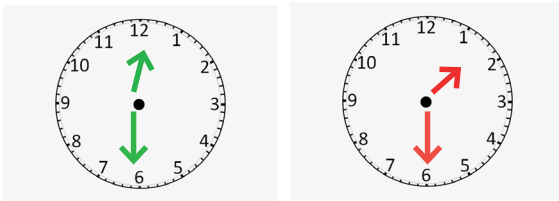

Join our picket outside the family court:

42-49 High Holborn,
London WC1V 6NP.

First Wednesday of every month

Start : 12.30
