

Disabled Mothers' Rights Campaign

We defend our rights to have a family and **keep our children.**

Channel 5 News made a film with us about disabled mums.

Mum Jean and Tye talked to Channel 5 News.

Because Jean is disabled, her baby Tye was taken away and adopted a long time ago.

“Anna”, a mum with a learning disability, had three children taken away.

The last one was a baby of nine months old.

This is wrong and Anna is very sad.

Some mothers keep their children.

Parents with learning disabilities have children taken away 54 times more than other parents.

In our group, disabled mothers support each other to end discrimination.
